**Rhodri Jackson**, Publisher (rhodri.jackson@oup.com)

**Rebecca Stubbs**, Production Editor (jwelb@oup.com)

## Scope

The *Journal of World Energy Law & Business* (JWELB) is the official journal of the Association of International Petroleum Negotiators (AIPN). It is a peer reviewed journal providing an objective, multi-disciplinary analysis of significant international energy issues. The Journal publishes articles that combine academic excellence with professional relevance on legal, business, financial, investment, economic and policy issues in the oil, gas and energy sectors.

## Cover

The Journal's cover depicts the broad, multi-faceted nature of the international energy industry. The photo collage shows the transportation of energy (LNG tanker & pipelines), the exploration and production of oil & gas (land drilling rig and offshore production platform) and other energy sources (wind turbines and nuclear plant). The global map illustrates the flow of energy from exporting to consuming countries with the size of the arrows indicating the volume of energy transported.

## Disclaimer

Statements of fact and opinion contained in the Journal of World Energy Law & Business are those of the individual authors and contributors and are not necessarily those of the Association of International Petroleum Negotiators, the Oxford University Press, the editors or the institutions with which the authors and contributors are affiliated. Authors and contributors are responsible for the integrity and accuracy of their material's content and references. The Association of International Petroleum Negotiators, the Oxford University Press and the editors do not make any representation, express or implied, with respect to the accuracy of the material in the Journal of World Energy Law & Business and expressly disclaim any responsibility or liability for such material, as the Association of International Petroleum Negotiators, the Oxford University Press and the editors cannot accept any legal responsibility for any errors or omissions that may be made.
